

PUBLIC RIGHTS NOTICE 2019-2020 – AMENDMENT DUE TO CORONAVIRUS

The requirement for the public inspection period to include the first 10 working days of July has been removed. Instead, smaller authorities must commence the public inspection period on or before 1 September 2020. This means that the period for the exercise of public rights can now be held any time after the approval of the AGAR as long as it is commenced on 1st September at the latest.
